

fosters environmental sustainability

AfricaConnect2 and KENET strengthen geoinformatics expertise in Kenya through remote training and knowledge exchange with experts in Finland to support sustainable development.

AfricaConnect2 supports the development of high-capacity internet networks for research and education across Africa.

This poster is produced as part of the AfricaConnect2 project which receives funding from the European Union under Grant Contract DCI-PANAF/2015/362-307. Its contents are the sole responsibility of GÉANT and do not necessarily reflect the views of the European Union.
